**DEPARTMENT OF PUBLIC INSTRUCTION  
2011-13 BIENNIAL BUDGET  
DRAFTING REQUEST TO THE LEGISLATIVE REFERENCE BUREAU**

☒ Draft for Possible 2011-13 Budget Bill Introduction (*Agency Decision Item No. 7003*)

**Subject:** Repeal Inactive Appropriations

**Request Date:** September 15, 2010

**Agency Contact:** Mike Bormett, 266-2804

**Brief Description of Intent:**

The department requests to repeal two inactive appropriations and the related statutory language that is currently in Chapter 20, Wis. Stats.

20.255 (1) (hf) was created in 1987 Wisconsin Act 27, the 1987-89 biennial budget. The purpose was to allow the department to establish and maintain an administrative leadership academy to enhance the knowledge and skills of mid-career school district administrators and principals. The provision allowed the department to establish and charge a fee for participation in the administrative leadership academy. The moneys from the fee payments were to maintain an administrative leadership academy.

This appropriation has been inactive since 1996; therefore, the department would like to remove it at this time.

During the 2007-09 biennial budget process, there was extensive discussion about removing the 20.255 (1) (gh) appropriation related to the residential schools and hospitalization costs. In 2007 Wisconsin Act 20, the appropriation was removed from the Chapter 20 schedule. However, the related statutory language was never removed. For this reason, the Legislative Reference Bureau (LRB) recently asked the Department of Administration to add the appropriation back into the department's Chapter 20 schedule because the statutory language takes precedence over the schedule.

Because the appropriation was removed before but the corresponding statutory language was not, the department would now like to remove both references to this item.

**Related Stat. Citations:**

Remove s. 20.255 (1) (hf), Wis. Stats., Administrative leadership academy.

Remove s. 20.255 (1) (gh), Wis. Stats., Program for the deaf and center for the blind; hospitalization.

Hi Kim,

This request is quite different from -0028. In the latter case, the appropriations were obsolete because no money could be appropriated for those purposes after a certain date, and that date had passed. In this case, there is no "expiration date" in the statutes. Section 115.39 authorizes DPI to establish and maintain an administrative leadership academy. If DPI does so, it must charge a fee for participation. If I repeal 20.255 (1) (hf), I will have to repeal 115.39, thus eliminating DPI's authority to establish a leadership academy. OK?

Similarly, s. 115.53 (4) authorizes DPI to apply to the board of directors of the UW Hospitals and Clinics Authority for admission to the hospitals and clinics of a pupil enrolled at the school operated by the Wisconsin Educational Services Program for the Deaf and Hard of Hearing or the school operated by the Wisconsin Center for the Blind and Visually Impaired. If I repeal 20.255 (1) (gh), I will have to repeal ss. 115.53 (4), thus eliminating the authority of DPI to apply for admission to the hospital for a pupil at one of the state schools. I'll also have to repeal s. 230.40 (4) (d). OK?

I would think that hospital treatment for pupils at *either* school could come from any of those appropriations.

Yes, I think the language should state this is a purpose.

Currently when the schools receive SBS Medicare reimbursements for therapy and medical services provided at the school, the funds go into 128 as GPR Earned. At the end of the fiscal year, the money lapses. The schools pay the bills with GPR for staff for the most part and FED for the contracted services, but they can't keep the reimbursements.

At WSD, there is a doctor who provides services for students at a set rate of \$500/mo. If a WSVH student is out-of-the ordinary ill, they are taken to a local doctor, Urgent Care or the ER. The nursing staff has a copy of the family's medical insurance card. We have never paid for curative or hospital visits. So, I don't think the schools will receive any program revenue—the family's insurance or the family will pay.

Kimberly, the more I look at these provisions, the more confused I am:

- Section 115.53 (4) (b) states that the cost of hospital treatment for a pupil at the school for the blind and visually impaired may be paid from 20.255 (1) (gL), but the cost of hospital treatment for a pupil at the school for the deaf and hard of hearing may not. Why is that? Section 20.255 (1) (gL) consists of moneys received from leasing space at *both* schools.
- The appropriations under 20.255 (1) (b), (gh), (gL), and (gs) state that their purpose is "the operation of" or "the operation and maintenance of" the two schools. Section 115.53 (4) (b), however, states that the cost of hospital treatment may be paid from these appropriations. Shouldn't the language of the appropriations be changed to add that purpose?
- If s. 20.255 (1) (gh) is repealed, and the last sentence of 115.53 (4) (b) is eliminated, to which appropriation will funds collected by the department on account of the hospitalization of a pupil at the school for the deaf and hard of hearing or at the school for the blind and visually handicapped be credited?

Thanks -

Peter

Now that I've looked at it a little more closely, I see that you could retain some portions of s. 115.53 (4). If the department wants to retain the authority to apply to UWHCA for the admission of a pupil at one of the state schools, it looks like under s. 115.53 (4) (b) the cost of hospital treatment could be paid from s. 20.255 (1) (b), (gL), or (gs). Should I leave those parts of 115.53 (4) that would still work (i.e., the intro, (a), and parts of (b))?

I think there would not be an issue with deleting all of s. 115.53 (4) (b). Because throat cultures, eye exams, other non-major tests may be run, I think 115.53 (3) should stay.

EDUCATION

PRIMARY AND SECONDARY EDUCATION

Current law authorizes the Department of Public Instruction (DPI) to establish and maintain an administrative leadership academy for mid-career school district administrators and principals. This bill eliminates this provision.

Current law also authorizes DPI to apply to the University of Wisconsin Hospitals and Clinics for the admission of a pupil attending the school operated by the Wisconsin Educational Services Program for the Deaf and Hard of Hearing or the school operated by the Wisconsin Center for the Blind and Visually Handicapped.

This bill eliminates ~~a program revenue appropriation to DPI consisting of moneys received on account of such hospitalization~~

DPI's authority to pay the cost of <sup>such</sup> hospital treatment ✓
